A letter has been received from the solicitors informing the committee that the Registration of Title in respect of the Charter Market is progressing but only very slowly due to the complexities of the situation. Apparently the documentation has been forwarded to the Land Registry lawyers at their Head Office as it is believed that the original grant dates from 1229.

The Central Beds Enforcement Officer has informed the clerk that the brass lamps outside the Betting Office were erected without permission. The officer is to deal with the matter accordingly.

PC Busby informed the clerk that he had spoken to the Manager at the Clifton Clinic who has agreed to reduce the height of the hedge inside the perimeter wall.

PC Busby has also warned the owner of the car that occasionally parks outside the old Timms building not to park there again as it is illegal. The problem of the oil left on the pavement still has to be resolved.

The meeting closed at 7.50 p.m.
